VMR34PUBB	Knee Splint for Narrow Coils	EP01	Electric Pump
VMR39X01	Head Splint	27625	Manual Pump

"Since we bought our immobilizer, we have done all of our MRI's and CT's using the device, and have had 100% success. Since I am so convinced about it's usefulness, I also made efforts to convince my colleagues to purchase the device and use it for their neonatal cases."

- Dr. Agneta Golan - Head of NICU, Soroka University Medical Center, Beer Sheva, Israel
