

Surgical Accessory Products

SURGICAL ORGANIZERS

Instrument Organizer

- Expandable organizer provides convenient cost-effective way to organize instruments during and after surgery
- For use on Mayo Stand or Back Table
- Instruments rest in ring-up position making them easy to identify, grasp and control
- Expands to accommodate up to 56 instruments
- Allows "in totality" counts for at-a-glance accuracy rather than by-type counts
- Costs less and takes up less room than cumbersome O.R. towels
- Eliminates the lint or rolling of towels or the spills from imbalance
