

Versa Options

Like any InnoVet system, you should only pay for the bells and whistles that benefit your practice.

For practices with heavy patient volume, Versa offers options that improve precision and speed up your workflow.

Options include:

- Four-Way Float Top Table
- Hands-Free Collimator Light
- Anatomical Programming
- Foot-Treadle Exposure Switch
- Lead-Lined Cassette Storage Bins
- Table-Level Liquid Trough
- Additional power – up to 500 mA
