

# PocketPak™ Mouth-to-Mask Resuscitator

The HUDSON RCI POCKETPAK™ emergency mask kit provides effective protection for mouth-to-mouth resuscitation.

The collapsible mask kit is easy to use, durable, and convenient to store and carry.

The specially designed mask has a pliable, clear dome to provide a secure seal.

*The POCKETPAK features:*

- *Capped port for optional delivery of supplemental oxygen*
- *Low resistance nonbreathing valve and filter to ensure caregiver safety*
- *Foldable extension tube*
- *Sturdy clam shell case*
- *Illustrated Instructions for Use*
- *Connectors fit standard manual resuscitators*
- *Packaged in a convenient storage box*
