

Thomas™ Endotracheal Tube Holder

Never worry about tape fastening again! The Thomas™ Tube Holder is the only tube holder with a quick-set screw for a secure hold after tube placement. Not only will it accommodate Combitubes® and LMAs, its special bite block feature protects the patient and the tube.

- Eliminates the need for cumbersome taping
- Accommodates multiple-size ET tubes as well as Combitubes and LM's
- Bite block protects patient's teeth and gums while keeping the tube open
- BVM does not need to be removed to attach the Thomas Tube Holder
- Allows for in-use suctioning of the oropharynx
- Comes in adult and pediatric sizes
- Disposable
- Latex-free
