## Introducing our first Biodegradable Nitrile glove Biodegradable Nitrile Exam Gloves

CHEMO DRUG TESTED | TEXTURED FINGERTIPS | POWDER-FREE PURPLE

PRIMED Sustain™ nitrile gloves are specially formulated to attract microbes found in landfills to enhance the enzymatic biodegradation of the material. Sustain™ achieves 90% biodegradability in 490 days versus 0.8% in 626 days for standard nitrile formulations. Enjoy the same reliable performance and protection you expect from a nitrile glove while supporting environmental sustainability.

**Lightweight Nitrile Technology** Combines strength with tactile sensitivity, allowing intricate and precise movement.

**Flexible and Comfortable Fit** Moves with the wearer to facilitate natural dexterity

**Fully Micro-textured with Enhanced Fingertip Texturing** Provides reliable grip when handling small instruments and objects.

**Biodegradable Nitrile Formulation** Specially formulated to attract microbes found in landfills to enhance the enzymatic biodegradation of the material.

## Brewer 5000 Access Exam Table

Brewer's 5000 Access™ Exam Table features the largest most secure step on the market today that allows patients to safely and easily get on and off the table. The table also offers abundant storage capacity with Brewer's signature pass-through drawer system and is backed by Brewer's standard 5-year warranty.

### Advanced patient care for the health of your practice.

- 500 lb weight capacity
- Standard 5-year warranty
- Large, stable four leg step
- Patented pass-through side drawers eliminates right/left hand setup problems
- Largest storage capacity available on the market today
- 12 standard color options available
- UL Approved: 60601-1

## PRimed ASTM Level 3 Pleated Mask

### Ultrasonically Welded Seams

Ensures mask layers remain secure and rest comfortably against the clinician's skin.

### Wide Nosepiece

Constructed with high-quality aluminum to keep the mask in place across the nose and cheekbones.

### Soft Mask and Ear Loop Material

Carefully engineered and clinically preferred for extended periods of use without discomfort.

## AAMI 2 Overhead Isolation Gown

Made from strong, fluid resistant and breathable SMS material, this gown is ideal for situations with potential for low or moderate levels of fluid exposure. The overhead neck closure, full back design and thumbloops with elastic cuffs provide dependable coverage against contaminants.

### Soft And Breathable SMS

PRIMED SMS gowns are engineered for the ultimate balance of breathability and fluid resistance to keep clinicians protected from the outside and comfortable on the inside.

### Overhead Neck Closure

Allows quick and easy donning and doffing, minimizing contact with harmful fluids.

### Full Back Design

Provides enhanced coverage clinicians can depend on to prevent contact with contaminants.

### Thumbloop with Elastic Cuff

Keeps gown sleeves in place under gloves to protect vulnerable skin from harmful substances and bacteria.
